Ableton Launchpad ProAbleton Live Lite For LaunchpadAbleton Live 8 Launchpad EditionPrice refinements - CarouselShowing slide (CURRENT_SLIDE) of (TOTAL_SLIDES) - Price refinements - Grid flexibility Launchpad's grid lets you play drums and samples with pads pre-mapped to Ableton Live's drum rack. Key features Hands-on control Launch multiple clips at once, trigger scenes and navigate your Ableton Live session. You can start and stop loops and arm tracks without touching the mouse, plus the eight rows of pads also double up as stepped faders to control volumes, pans and sends. Control Mix for Live Launchpad gives you hands-on control of Max For Live: turn it into a step sequencer, trigger videos from drum pads and much more. Integrate immediately without any setup - just plug in via USB Focus on your music All 64 RGB pads light up to match the color of your clips in Ableton Live and you can see at a glance what's loaded, playing and recording.
